A special thank you to Mrs. Deacon for her continued support and help, from her library of photographs. As well, many thanks to the parents who also submitted photographs. This yearbook could not have been completed without your assistance and dedication.

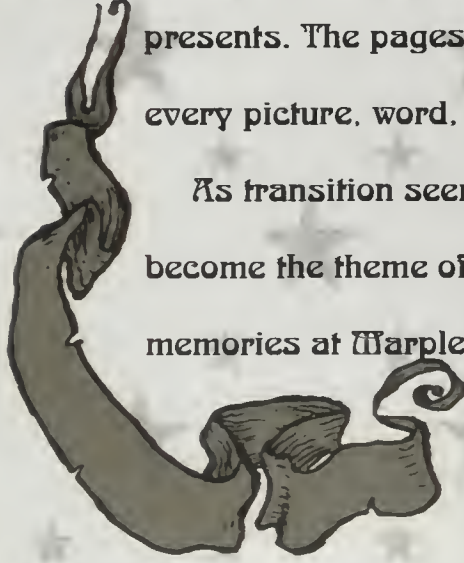

A Message from the Staff

On September 7th, the students of Marple Newtown High School returned to the "Tiger's Den." Clinging to their summer T-shirts and shorts, they wondered if a few months of renovations could really change the school. As the students filled the main lobby by 7:40 AM, the question was easily answered: yes! Yes it was possible! The school had been given new life. Fresh paint restored its aging skin. The new hallways unclogged its abused arteries. The gym and pool restored its collapsing lungs. And, most importantly, the new library pumped the school's heart back to life. The high school had transitioned to match the greatness of the students it harbored.

While Marple Newtown High School grew during the 2011 and 2012 school year, the students, faculty and staff also faced transitions of their own. The first few weeks of school were quite different than in years past. A new block schedule quickened the pace of the school day, making students much more focused; no longer following the same routine. New enthusiasm and a sense of school pride were tangible in the school's atmosphere. A strict discipline system made coming to school on time and attendance even more important. Changes could be seen and felt everywhere.

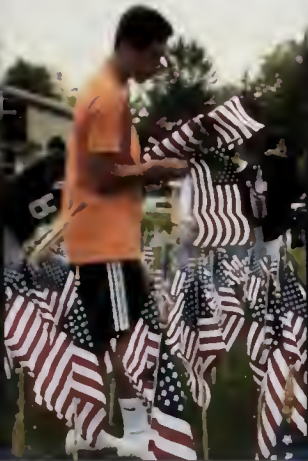

Just as the school transitioned, the yearbook also made some changes of its own. The new editors took the helm of the ship, navigating through all of the challenges a yearbook presents. The pages they created captured the essence of the school. With the placement of every picture, word, and frame, the editors translated emotions into stories.

As transition seemed to be the main theme of the 2011-2012 school year, it has also become the theme of this book. We hope as you flip through the following pages, your fondest memories at Marple Newtown High School come to life.

10TH Anniversary 9-11-2001

At 8:46 am, on September 11, 2001, the first of four hijacked planes hit the North Tower of the World Trade Center, in New York City. Ten years later at 8:46 am September 11, 2011, the Marple Newtown High School community came together to commemorate the lives lost in the attack and the bravery of police, fire fighters, military, and regular American citizens who stepped up to save lives and defend our country's freedom. The outpouring of strength and bravery gave hope to our nation after the shock of not only the fall of the Twin Towers, but the Pentagon attacks, and the destruction of the third plane in a field in Shanksville, Pennsylvania believed to have been heading for the White House.

With the attacks still fresh in the hearts and minds of our community, the students and faculty of our school joined together on the front lawn of our School, to raise our country's flag in memory of the tragic incident and lives lost. We were united by members of the local police forces, fire company and ambulance corps, as well as others from our community who stood together remembering and honoring those lives lost, and the men and women who continually defend our freedom and our homes today

In the hope of raising money to benefit the Susan G. Komen Fund, Student Council spearheads the school in a girls' football game commonly known as Powderpuff. All four grades' teams had a wonderful time helping fight Breast Cancer and raised \$497 by the end of the night!

A continued MN tradition has pairs of senior boys compete to see who can raise the most money for the senior class and charity of their choice. This year's winners were Jake Mattern and Troy Todd who raised \$416. Combined, the group raised a total of \$1,144. Half of that money benefits the senior class. The rest will benefit the Juvenile Diabetes Research Foundation.

DON'T *be* VEIN...GIVE BLOOD

On March 1st, members of Student Council worked diligently to run this year's Blood Drive. Thanks to the donations of 112 pints of blood by many students and faculty, we surpassed our goal of 110 pints! These donations will help our Local American Red Cross Chapter which is committed to meeting the humanitarian needs of people in our area.

Class of 2012- I can't believe it's almost over! It has truly been a roller coaster ride with all of you. Imagine - we were freshmen four years ago! Time has really passed us by and, it's hard to believe it's coming to an end. I hope you remember laughing, spending time with friends and just being yourself with some amazing people. I've learned so much from you all that I will never forget, and I'm so proud to have been a part of SENIORS 12.

To Maddie, Christian, and Greg- This is it. We've done all we can to make this year a success and we should be so proud! You are some of the most amazing people I've ever met - smart, funny, and hard working. All three of you will go so far in life, and I'm proud to say I've worked with you. I know that when we meet again in however many years, we'll have this amazing year to remember! Thank you so much for making my senior year memorable.

Ms. Roessner and Mr. Harris- First off, thank you for welcoming me into this year with such kind acceptance. I now know that you are both people I can count on. Coming up with ideas is never a dull moment with you two. We've faced hardships through the year, but I knew you'd always be right there behind us to make sure we were doing alright. Thank you for everything you've taught me. Good luck next year!

Sincerely,
Samantha Newman

PRESIDENT

2012 CLASS OFFICERS

To the Class of 2012: It still hasn't hit me yet that our time together will be over so soon. I have known most of you since the sixth grade and many of you even before that. Despite differences that we had or the separate circles we moved in, we have shared so much as a class, and I am proud to have been a part of those moments. I hope that each of you will experience the huge world outside of high school, in your own wonderful way, and maybe one day our paths may cross again. Until then, stay beautiful.

To my fellow officers: I can't believe how fast our senior year went by! I know we've had our struggles and disappointments, but we did our best and had plenty of accomplishments we can be proud of. You guys are really some of the best people I know, a real classy bunch. I could not have imagined my senior year as an officer without you guys. I have always been able to count on you, and I know this will remain true even after our time as officers has ended. It's really been awesome.

To my advisors: Ms. Roessner and Mr. Harris, you have fully supported us since the beginning and I just want to say thank you. Together we faced plenty of obstacles, but you taught me and my fellow officers to treat every situation with optimism and a sense of humor. So again, thank you for all of your work and dedication.

With love,
Maddie Baxter

VICE PRESIDENT

SECRETARY

They were telling the truth; High school goes by way too fast. We have been together since 9th grade, some of us since 6th grade, and some of us since kindergarten. Just when it got to the point where we were sick of each other, we massed together and created for us a senior year we will always remember. What's so awesome about our generation is that we will never lose touch with one another. Facebook and Twitter will keep us in the loop. I'll still miss you guys, but remember we're all just one click away.

To Mr. Harris and Ms. Roessner: Thank you so much for all your help. I understand both of you are very busy, but you still took time out of your day to guide and mold us as class officers. I don't know how this year would have turned out without you. Thank you again for all you've done for us, and whichever class you have next they will be very lucky to have you on board.

To Sam, Maddie, and Greg: It's been real. It was a wild year but we turned out just fine. Running for class officer was one of the best decisions I made during my high school career. Even though my position put extra work and more stress onto my shoulders, I have no regrets. It's been an honor and a privilege working with such an amazing team, and I only wish nothing but the best for each of you and your futures. Well, I can't believe I'm saying this, but peace out Marple Newtown High School. Memories have been made and will be cherished forever. The class of 2012 will go down as the greatest senior class of all time. Seniors 12

Sincerely, Christian Suh

TREASURER

To my fellow officers, Thank you for all the help and hard work that you've put towards this class as a whole. I know I wouldn't have been able to get anything done without all the creativity, intellect and work ethic of you guys. All of the work decorating, making spirit wear and planning dances was a lot easier with the cooperation of you guys. It truly has been a pleasure working with you, and I believe we've done well.

I would also like to thank our class advisers **Mr. Harris and Ms. Roessner**, Without whom none of this would have been possible. To Mr. Harris, thank you for all the help and frank advice you gave us during my time as an officer. To Ms. Roessner, thank you for all the hard work and ideas, especially all the hours you spent at Ampro. Both of you were truly invaluable as team members, mentors and advisors.

To the class of 2012, Congratulations! After four long years, we're all done high school and on our way to bigger and better things. I hope I was able to make these four years a little bit better for everyone and want to thank you all for making me a class officer the past few years. While we will all go our separate ways, I surely won't forget you time here and I am thankful for all that Marple Newtown faculty and students have given me. My four years here and all the people I have met and spent time with have truly left an indelible mark on my life. From freshman year to now, we have truly grown up tremendously and, I have no doubt that we are all prepared for lasting success. Good luck seniors, although I'm sure you won't need it!

Homecoming

October 17th-22nd, 2011

Freshmen

Sophomores

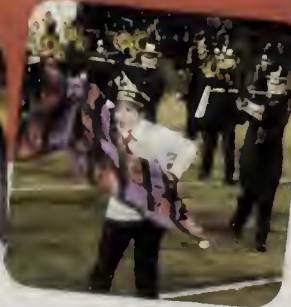

Juniors

Seniors

To show our school spirit, the annual banner competition was held. Each class created a scene showing MNHS dominance over Haverford HS. The Freshmen and Juniors came in first place, with the Sophomores and Seniors running a close second. However, that night at the game, Haverford triumphed in one of the closest games Marple Newtown has ever seen with a score of 23-20.

"The MN Magic video was truly a group effort, from beginning to end. The idea began in a Student Council meeting and was quickly embraced by administration, faculty and students. The goal of the video was to showcase all of the great activities and people at Marple Newtown High School, and it does just that! The video was sponsored by Student Council and directed/edited by the talented Jake Shapiro. Congratulations Marple Newtown on a job well done! See you next year for the 2nd Annual MN video!"

The MN Drama Department put on a swashbuckling journey in their fall play, *Treasure Island!* The story centers on young Jim Hawkins, who longs for the freedom of the seas, but gets more than he bargains for when he decides to search for Old Flinty's rumored buried treasure. Jim joins the crew of *The Hispaniola* and teams up with a scheming, peg legged cook, Long John Silver. Silver has questionable motives and associates with an hilarious group of henchmen. With the help of a few friends, Jim must battle dangerous pirates, a blood thirsty sea monster, and a crazy ex-girlfriend to uncover the treasure. The show was an overwhelming success, partially due to its witty script and impressive designs, but more because it was brought to life by the fierce devotions of the actors and crew. — Jess Smith, Senior

A Message From The Editors

This book has probably been one of the hardest, most time consuming, yet rewarding and special projects I've ever been a part of. In September, I had no idea what I was getting myself into- totally overwhelmed with what had come before me.

Lauren- Remember we took a picture of the countdown at 150 days?! Well, it's done! 0 days left! I can't believe how the time flew by. Nights spent texting until 3 a.m., staying after school to take millions of pictures, and spending time in the yearbook room - I will never forget. Thank you so much for being there so early in the morning for me to complain to when I couldn't figure out what to do. You kept me on track when I got off subject and kept me going when I got stressed out. I know you'll be so successful in college and the rest of your life, in whatever you decide to do. Thank you for choosing me to work with you; it has been an experience I will never forget. Our book is DONE! Wes- You've been with the yearbook for four years and know exactly how things are supposed to work. Thank you so much for whipping us into shape and getting us on the right path. Jena, Madison, and Erin- You have done such an amazing job with the sports section!! I am so proud to have worked with you and helped you along the way. Good luck next year! Rachel Orcutt- Thank you for always being there for me and letting me use your scanner! Mr. Harris- I have not yet learned how you walk so fast or how to catch up to you, but that is one thing about you I respect. You're always on a mission. When something needs to get done, you get it done. Thank you for always giving advice and 4 page long notes! Ms. Fisher- You are the kindest woman I have ever met. I know when I come back to visit, you'll be on the list of people to see. You have truly made my experience with this project a fun one. Thank you so much!

Class of 2012- I already wrote you a separate letter, but here it goes: Time has flown by these past four years, especially this last one. I hope you can look back into this book & relive all the memories you had in this school. I know I will.

Samantha Newman; Co-Editor in Chief

In September, when offered the opportunity to co-edit this yearbook, I truly underestimated the task. However, it has probably been the most rewarding experience I've ever had. Although this school year will soon be ending, and the class of 2012 will only see High School as a thing of a past, this book and your memories will forever be at your fingertips. With the help of my advisers and staff and the countless hours we all devoted, I have helped create something great for which I am very thankful.

Sam- We did it! From day one you have been such a pleasure to work with, always helping to keep me optimistic whether it be about the yearbook or just life itself. I'm 99% sure we've texted more than you and Brad ever have! You are such a great friend, hard worker and overall kindhearted person. I'm going to miss you very much next year and can't wait to see how great you do with graphic designing as a career! Wes- Thank you so much for your help and willingness to do anything that we've asked of you. Jena, Madison and Erin- You guys are the greatest. Your hard work and dedication has truly paid off. Sports look amazing! I'll miss you next year and good luck with everything, yearbook related and not! Mr. Harris and Ms. Fisher- Thank you for your assistance and patience. We could not have pulled this off without you. Mrs. Deacon- thank you for the numerous pictures and support throughout this process. Mr. Hannan- Thanks for letting me slide with Stuco obligations and always being there to vent to when I was stressed! Fred and Chris- Sorry you had to yell at us so much for walking around with no passes, but hopefully you approve of the work!

Lastly, to the class of 2012, I hope you appreciate all of the time and effort put into this book. We tried our absolute best to make this something you will cherish and look back on with much happiness. I will always be grateful for you all and the memories which you gave me. Always remember, wherever you go, go with all of your heart. I wish you all the best of luck in all that you do!

Lauren Riddell; Co-Editor in Chief

Well, I have finally made it. I have been a yearbook photographer for four years. Taking on this task was often quite a challenge. My parents would have to drive me everywhere so I could take pictures for five minutes then leave. It became somewhat easier once I was able to drive. From football games to show productions, I have made many trips to this high school to take pictures.

This position has taught me much about responsibility and how to work with others. Putting the yearbook together has been a huge responsibility. The pictures are memories that we will all have for a lifetime. I am glad I had the opportunity to do this and hope my photography has brought smiles to many.

This year I became one of the editors. I never realized how much work goes the creation of a yearbook. It has really helped me appreciate everyone that works together to make the yearbook something to have forever. I want to thank the whole yearbook staff for all of their dedication and hard work.

To the class of 2012 who endured a construction zone, hurricane, earth quake, and snowstorm, please enjoy your last high school yearbook. Congratulations to all!

Wesley Wasserman; Chief Photographer and Co-Editor

Sports Editors

Accepting the position as sports editor for the yearbook sure sounded easier than it was. It is unbelievable how much time and effort goes into creating the yearbook. Flipping through the pages, it's hard to believe I was part of something so great.

Sam and Lauren, you two were great editors. Your pages look amazing and you are truly going to be missed next year. Jena, being a sports editor with you was a great experience. Even though making the sports pages could sometimes be the most stressful thing ever, we did it. Erin, even though you weren't an editor, you helped a tremendous amount. You were always there to assist with everything or take pictures of sports teams, when we needed you.

Finally, Mr. Harris and Ms. Fisher, there could not be a better duo of teachers to run this yearbook. Your constructive criticism was often frustrating at times, but it made the pages look ten times better. You guys are amazing!

Thank you to everyone who helped out with the yearbook, especially Mrs. Morrow. I took countless numbers of sports pictures from you for every season, and they were always amazing pictures. This has been one of the most time consuming, yet rewarding projects I have ever participated in. I'm definitely looking forward to next year.

Madison Collins: Co-Sports Editor

This year I had an amazing opportunity to be the Sports Editor of the 2011-2012 yearbook. Being a part of this project helped me realize the amazing memories Marple Newtown High School gives all of us each year and that we will cherish for years to come. I feel so lucky to have been a part of this incredible team that gives each other so much support, in making this yearbook what it is... truly amazing!

From the bottom of my heart, I want to thank everyone involved! Lauren & Sam: We will all truly miss you. The underclassmen have tough shoes to fill. No one could ever replace your dedication & commitment to this book. Madison: Being sports editors with you was a great experience that I will never forget. Whenever we needed a photo we always got it done on time! Wes, I cannot thank you enough for all your support for all of the last minute photos that needed to be taken! Best of luck to all three of you! You all have such bright futures ahead! Thank you to Mr. Harris & Ms. Fisher for all of the long hours you both have put into this yearbook, and for all of the great advice you have given me this year.

As the wise Dr. Seuss said: "Don't cry because it's over, smile because it happened."

Jena Marinelli: Co-Sports Editor

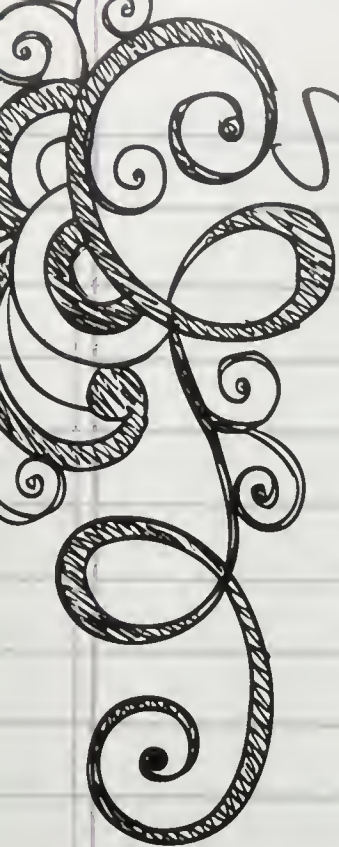

To the Yearbook Class of '11-'12: Thank you so much for all of your help with this HUGE project! It is really appreciated by all of the staff and we couldn't have done it without you! With love, The Editors

The health care law's legal battle

The Supreme Court will hear arguments in an historic three-day session March 26-28 over the fate of the Obama administration's health care law. Some of the key dates leading up to the law's day in court and the legal questions being addressed:

March 23, 2010 President Barack Obama signs the Patient Protection and Affordable Care Act, after a long battle over it in Congress; soon after the signing, 13 states, that later grew to 26, sue in federal court to challenge the law's constitutionality

Jan. 31, 2011 U.S. District Judge Roger Vinson in Florida rules the entire law to be unconstitutional

June 29, 2011 Sixth Circuit Court of Appeals says individual mandate that requires Americans to buy insurance is a constitutional exercise of federal government power

Aug. 12, 2011 U.S. Court of Appeals in Atlanta rules individual mandate unconstitutional; rejects the administration's argument that Congress could adopt the individual mandate under its constitutional powers to regulate interstate commerce or to tax

Nov. 8, 2011 D.C. Circuit Court upholds the individual mandate provision in an opinion by conservative Judge Laurence Silberman

Sept. 28, 2011 Obama administration, the 26 states and the National Federation of Independent Businesses file separate appeals with the Supreme Court; government attorneys argue that Congress had adopted the law to address a crisis in the U.S. health care market; the states argue the individual mandate and the requirement for states to expand Medicaid programs or risk losing funding are both unconstitutional

Nov. 14, 2011 Supreme Court agrees to hear the appeals with an expected ruling on June 12, 2012; the court could leave the law alone, strike down the individual mandate or other provisions, invalidate the entire law or put off a ruling on the mandate until it takes effect in 2014

? Four legal questions being addressed

1 Are the lawsuits premature?

The court must first decide whether the lawsuits challenging the law are premature, because of an 1867 law that says lawsuits targeting new taxes must wait until the taxes are imposed

2 Can Congress compel individuals to buy insurance (individual mandate)?

The most closely watched argument is whether Congress exceeded its constitutional authority with the health care law's requirement that most individuals either buy insurance or pay a fee

3 Can the rest of the law survive if a part is struck down?

If the court strikes down part of the law, it must decide whether the rest of the law can still survive

4 Can Congress force states to expand Medicaid by threatening to withhold funds?

The nine justices will separately decide whether Congress can use the threat of withholding money to coerce states into expanding Medicaid coverage, a crucial issue that hasn't gained as much attention as the individual mandate
